NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR
DISSEMINATION IN THE UNITED STATES

Vancouver, BC – October 29, 2024 – Alcon Silver Corp. (the “Company” or “Alcon”) is pleased to announce that it has filed and received a receipt from the British Columbia Securities Commission for its long form prospectus dated October 24th, 2024 (the “Prospectus”), which is now available on SEDAR+. The Company is now a reporting issuer in the provinces of British Columbia, Alberta, Saskatchewan, Manitoba and Ontario (the “Canadian Selling Jurisdictions”) and will proceed with its “best efforts” public offering (the “Marketed Offering”) and proposed listing of the common shares of the Company (the “Common Shares”) on the TSX Venture Exchange (the “TSXV”).

Under the Marketed Offering, the Company intends to sell a minimum of 9,333,333 units and a maximum of 13,333,333 units (the “Units”) at a price of C\$0.30 per Unit (the “Offering Price”) for aggregate minimum gross proceeds of C\$2,800,000 and maximum gross proceeds of C\$4,000,000 (subject to the exercise of the Over-Allotment Option as defined below).

Each Unit will consist of one Common Share and one-half of one transferable Common Share purchase warrant (each whole warrant, a “Warrant”). Each whole Warrant will entitle the holder thereof to purchase one Common Share (each, a “Warrant Share”) at a price of C\$0.45 at any time on or before the date which is 24 months after the closing date of the Offering (the “Closing Date”).

In connection with the Marketed Offering, Red Cloud Securities Inc. is acting as lead agent and sole bookrunner with Canaccord Genuity Corp. (collectively, the “Agents”). The Company has granted the Agents an option (the “Over-Allotment Option”, and collectively with the Marketed Offering, the “Offering”) exercisable, in whole or in part, up to 30 days following the Closing Date, to sell additional Units equal to up to 15% of the Units issued pursuant to the Marketed Offering at the Offering Price. If the Over-Allotment Option is exercised in full by the Agents, the Company will issue up to 2,000,000 additional Units for additional gross proceeds of up to C\$600,000.

The Units will be offered by way of the Prospectus in the Canadian Selling Jurisdictions and in the United States on a private placement basis.

The Company intends to use the net proceeds raised from the Offering to fund exploration of the Company’s Caujul and Princessa projects in Peru, as detailed in the prospectus, as well as for general working capital purposes. The Company intends to prepare an initial drill program that will explore three defined drill zones at its flagship Caujul Project. The Caujul Project is fully permitted through March 2027 and features zones of high-grade, stacked silver-polymetallic vein systems and a copper-moly-gold porphyry within drill zone 3. Alcon is planning to complete 3,000 m of diamond drilling in the coming months. Alcon also plans to continue to advance its Princessa Silver deposit in the Puno district of Southern Peru.

Closing of the Offering is subject to certain customary closing conditions, including, but not limited to, the final approval of the listing of the Common Shares on the TSXV.
